Welcome to Bowling Mill @ DEAN CLOUGH

Bowling Mill is one of 16 stone Victorian mills situated within Dean Clough, a vibrant 22-acre mixed-use site, stretching half a mile from one end to the other, on the edge of Halifax town centre.

The Dean Clough community is dynamic, creative and diverse and home to some 150 businesses who employ approximately 4,000 people here.

Dean Clough is so much more than a place to work. It is a community where people come to visit, eat, drink, shop, celebrate, recharge and even marry! The variety and vibrance of the mills have to be seen to be appreciated.

There is a fabulous array of local independent food and drink establishments, catering for a range of tastes, with 4 restaurants, a gaming themed bar and diner, a real ale pub, a coffee roastery and 2 cafes.

The site boasts an abundance of arts and culture, with 6 galleries, a theatre, 2 resident theatre companies, a permanent art collection with over 300 original works on display, a dedicated arts mill and studios which are home to 25 artists and numerous arts organisations.

In addition to a Jack Wills outlet store, the Prestige Flowers Gift Shop, the Design Shop and a newsagent/convenience store, there are beauty salons, hairdressers and yoga classes, reiki, gyms and a karate dojo for those who prefer a workout!

At the heart of the site is The Arches, a spectacularly stylish industrial venue, perfect for incredibly individual weddings and exclusive events. With a highly-experienced events team, The Arches is a much sought after venue for charity balls, proms, private parties and corporate events. The space is very versatile with formal dinners seating up to 300 people, with the added benefit of a Travelodge hotel on site for overnight stays.

There is also a nursery - rated outstanding by Ofsted - a taxi rank, a Royal Mail post office, an estate agent and conference and meeting rooms.

These are the ingredients which create a community, providing the social spaces to foster a tangible sense of belonging and place.

Location

Dean Clough is located on the edge of Halifax town centre in the borough of Calderdale. Situated between Manchester and Leeds, Halifax is just 15 minutes from the M62 and has direct train links to Manchester, Leeds and London.

More than ever before, people are choosing Halifax as the place they want to invest, live, work, learn and spend their leisure time. Business growth, improved job opportunities, affordable land and property, excellent transport links to Leeds, Manchester and London and a thriving arts and culture scene are just some of the reasons why.

Recently the iconic Grade I Listed Piece Hall in the centre of Halifax has been subject to a £17 million refurbishment and since reopening in August 2017 has had over 7 million visitors. Other developments taking place within Halifax include: an upgraded railway station, a brand new sixth form centre and a new state-of-the-art leisure centre. £190 million funding has been allocated to town centre, transport and infrastructure schemes.

Design & Flexibility

Dean Clough is committed to achieving the highest level of modern design in all its restorations, winning several awards in the process. Projects are co-ordinated with a select team of architects, chartered building surveyors, designers, mechanical and electrical engineers and landscape architects as appropriate for the respective project to deliver the design and finish you desire.

These photographs show some of our customers' areas at Dean Clough and illustrate the flexibility and creativity of how they have utilised their spaces.

The History of Dean Clough

Dean Clough is a place name and both words Dean and Clough, are old English words which in essence mean valley and ravine.

These magnificent mills, which adopted the name of the place in which they were built, were constructed between 1840 and 1870 by the Crossley family, who founded their Crossley Carpet empire here in 1822.

They were once the largest carpet manufacturers in the world and were an exemplar of Victorian industry and endeavour.

At their peak they were world leaders in their market, but ultimately – 160 years after their inception – they succumbed to the changes in market forces and closed the mills in 1982.

Est. 1822 ...

... to present day

Our journey began in 1983 when Dean Clough Ltd (a private family-owned business) was established, with the aim of bringing these buildings back to life and a desire to create an engaging and vibrant community for people and businesses alike.

We, and our dedicated management team, are site-based and pride ourselves on building longterm relationships with our customers and stakeholders, with many people and businesses having been here with us for 30+ years.

As much as Dean Clough is seen as and identified with the buildings born of its past, the pulse which

drives its rebirth and fuels its ever-evolving journey is the 4000 people here now and those unknown to us yet, who will shape its path in the future.

Whatever your business, we relish the prospect of welcoming you and discussing how we can respond to your needs. Thank you for your interest and we very much look forward to hearing from you.
